

HELP  
US TO  
HELP  
THEM

Roscoe was found emaciated and starving. He is riddled with disease and had been shot with three types of bullets that shattered his leg. We promised Roscoe a new beginning.

Eight years in the making and our dreams are *almost* a reality.

SNARR Northeast has purchased a shelter property so that we can continue our mission of giving **Hope to the Hopeless.**

This adoption center will allow us to save countless more animals especially when our foster homes are full.

We can't do it alone... Help us with this massive undertaking because we believe in new beginnings for society's unwanted, discarded and medically challenged animals, we believe in ourselves, and we are counting on the good in people to see us through.
