Foster Agreement

This agreement reflects the commitment between SNARR Rescue and a foster home for a dog or puppy.

I/We (household residents) agree to foster _____ (animal's name). We agree to provide a safe home for _____ (animal's name) and treat him/her as a family member.

We agree to working with SNARR Rescue to get the dog to adoption events and potential adoption meet and greets if and when they arise

We agree to keep a collar on the dog at all times. We will leave the tag on the dog's collar that identifies the animal as belonging to SNARR Rescue.

We understand that SNARR Rescue will completely inform us of the known health history and disposition of the dog we are fostering. Even so, there are many unknowns with a rescued animal and we will be alert to health and behavioral issues that may develop while the canine is in our care. Should anything develop, we will notify the rescue immediately. We will consider ourselves the "case manager" for our foster dog. We will keep all records for the dog together, along with notations as to the dog's name, date we started fostering the dog, any preventive medications given (along with date), and any vet care the dog may receive while in our care. We will keep helpful records for an adoptive family, to include type of food eaten, how many times/day the dog eats, whether or not the dog is housetrained, and other important details.

We will notify SNARR prior to taking the dog for any vet care if at all possible. SNARR Rescue has specific clinics and veterinarians we work with and SNARR will work with us to make sure the dog is taken to the appropriate place. If we plan to pay for the care ourselves, we can take the dog to our preferred veterinarian. If, however, we are unable to reach SNARR and need to have the dog seen by a veterinarian, and expect SNARR Rescue to pay for the visit, we will take the dog to one of the clinics used by SNARR Rescue. This list will be provided to us when we begin fostering.

SNARR is a shelter and therefore we are able to dispense medication to our foster animals for basic things such as kennel cough, intestinal parasites, ear mites, diarrhea, pain etc. As a foster, you agree to contact SNARR for assistance with medication needs and to discuss your foster dog's symptoms with a SNARR representative. SNARR will not reimburse fosters for vet visits or purchase of supplies, medications etc. that were not approved prior by a SNARR representative.

We will ask the clinic for a copy of the documentation describing services rendered and costs. We will keep that documentation with the dog's records to be turned over to Courtney Bellew/SNARR and the adoptive family.

We understand we are not responsible for paying for vet care while the dog is in our foster care - provided we coordinate any needed care with SNARR prior to getting the dog care.

We are fully responsible for any vet care needed due to injury while in our care.

We understand that this foster dog (and any others) are the property of SNARR Rescue. We do not have ownership or possession rights to this dog or any others fostered through SNARR. If we decide we wish to adopt the animal we understand we are required to complete the SNARR Rescue adoption application, home visit and reference check, approval etc. If we are not approved as an adopter through SNARR, we agree to allow the dog to be adopted out or return the dog to SNARR when requested.

If we have questions about any of the above or if something unusual arises during the course of fostering the dog, we will contact SNARR.
